My dearest Dot.

I received your letter of the 12th to-day and it will be so good to see you again. It sure will be a happy day. I hope nothing comes up that will prevent you from coming. The offer still stands and you don't have to worry about a thing.

You owe the bank for Mar. Apr. & May. The check you sent will take care of Mar. and maybe Ed. can loan you some for Apr.

The last one I received from you paid for Feb. and I sent it right to the bank. The same day as soon as I received it over.

I am so happy and the days will
just drag until you arrive.

So until then, so long.

All my love

Mom.

P.S. Give my love to Ivan and tell him
I wish he was coming, too.
